Ladies and gentlemen, there is nothing in this report about any of the questions / issues we raised. It's all about the flow chart - how someone gets registered to sell food.

The only new info is the estimate that there are 40k non-food and 10k food vendors in the city. That's 102 per square mile if the city.

Sent from my iPhone. Please excuse any typos.

Subject: Sidewalk Vending report

The report has just been posted. I have not yet read it; I'm forwarding it as soon as I got it

<http://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=13-1493>

We had pushed to get this completed and public last Friday, then earlier this week. I'm sorry it's arriving so late. Know that we will continue to seek

information and answers for the number of outstanding items that are not fully resolved in this report.

Have a good Thanksgiving, and I'll hope to see you and speak with you next week.
